## Claiming Your Company Team

The first staff member to login and claim the Team will become the Team admin.

Only Team members can see your Team name

If you would like to adjust which member of your team is the admin, reach out to your [Customer Success Manager](#).

## Joining a Team

Most staff members will automatically be granted access to the company Team after it has been claimed.

There are circumstances where you will need to accept a staff member to your Team based on when they registered. This function is only available for the Team admin:
